### *Seprotech Enters into Product Distribution Agreement with Raymac Environmental Services*

OTTAWA, ONTARIO, 30 May 2007

Seprotech Systems Inc., a Canadian water and wastewater treatment systems manufacturer, is pleased to announce that it has completed a product distribution agreement with Raymac Environmental Services of Nanaimo, British Columbia. This agreement is expected to extend the reach of Seprotech for the supply of environmental equipment into the burgeoning mining sector.

“Raymac has worked closely with us in obtaining several key projects in the mining sector and we think that our companies can do much more work together”, said Martin J. Hauschild, President & CEO. “Seprotech needs to strengthen its presence in Western Canada and this is one of the steps that we are taking in this direction. We are very happy to be associated with Raymac.”

Raymac Environmental is an OEM supplier of a range of support equipment to the mining industry including water systems, wastewater systems, accommodations / structures, fuel distribution systems and other key components.

Seprotech is a provider of pre-engineered water and wastewater treatment plants to the land development, industrial and military market place, including membrane-based water treatment systems and the ROTORDISK® biological wastewater treatment systems.
