### **Seprotech Receives New Orders Valued at \$650,000.00**

OTTAWA, ONTARIO, 01 August 2007.

Seprotech Systems Inc., a leading Canadian Environmental Technology Company and manufacturer of water and wastewater treatment systems, is pleased to announce two new orders totalling approximately \$ 650,000.00 CAD. The orders come from two new customers in residential land development and the resource sector, and are in addition to the new orders of \$ 1.4 M announced on the 16<sup>th</sup> of July.

“We are pleased to see two new clients purchase Seprotech’s tertiary wastewater treatment plants”, said Martin J. Hauschild, President & CEO. “Our customer base continues to grow along with the interest in Seprotech’s proprietary treatment technologies. This highlights the confidence held by our customers in Seprotech’s proven technology and engineering solutions.”

“Inquiries from the mining sector remain strong and interest from the land development sector is beginning to pick up. We continue to build a strong backlog and our sales staff is focused on building momentum that will carry into the next fiscal year,” concluded Hauschild.

Seprotech is a provider of pre-engineered water and wastewater treatment plants to the land development, mining, industrial and military market place, including membrane-based water treatment systems and the ROTORDISK® biological wastewater treatment systems.
