

SEPROTECH SYSTEMS INCORPORATED, CANADA GRUPO CADIC, SPAIN

NEWS RELEASE

Canadian Timely Disclosure Pack – For Release July 19, 2007– after close of markets

SEPROTECH SYSTEMS INC. OF OTTAWA CANADA AND GRUPO CADIC OF MADRID SPAIN, SIGN REPRESENTATIVE AGREEMENT.

Seprotech Systems Inc. of Ottawa, Ontario Canada and Grupo CADIC of Madrid Spain have signed an agreement for the marketing and distribution of Seprotech technologies in Central America (excluding Mexico) and the Caribbean. This agreement highlights Management's strategy to expand rapidly into key markets through partnerships and licensing. Seprotech is a public company on the Toronto Ventures Exchange under ticker SET and Grupo CADIC is a private company headquartered in Madrid, Spain.

The agreement opens CADIC's sales channels throughout Central America and the Caribbean for the distribution of Seprotech water treatment, wastewater treatment and water reuse technologies. Grupo CADIC is an environmental engineering company with Central American offices in Guatemala, the Dominican Republic, Panama, and Nicaragua.

"Over the last year we have developed a solid working relationship with CADIC's team in Central America and have been impressed with their knowledge of the local markets and business contacts", said Martin J. Hauschild, President & CEO of Seprotech, "Economic growth has been strong in Latin American as a whole and it is clear to our Management that access to these markets demands a strong local presence. The agreement with CADIC provides us with continuous ongoing contact with potential clients and follow up with new customers" continued M. Hauschild.

"There is growing concern over the protection of water resources across Latin America", said Alberto Llanos, President of Grupo CADIC. "Demand for high quality water treatment is growing across the region as governments realize that the status quo is not sustainable due to the unacceptable environmental impact of current water management practices. Seprotech's unique technologies and technical capabilities provide effective solutions to growing water problems."

Seprotech is a provider of pre-engineered water and wastewater treatment plants to the land development, industrial and military market place, including membrane-based water treatment systems and the ROTORDISK® biological wastewater treatment systems.
